PROFILE

Passionate and detail-oriented Full Stack Web Developer with hands-on experience building responsive, user-friendly websites and web applications. Skilled in HTML, CSS, JavaScript, PHP and MySQL, with practical experience in Git, GitHub and responsive UI development. Enjoys turning ideas into clean, functional and modern web experiences.

WORK EXPERIENCE

Data Science Intern — Imarticus Learning, Thane – Completed a 120-hour internship with practical exposure to data science concepts, data analysis and working with datasets.

PROJECTS

Mars Abodde Properties — Property Listing Platform
Built a property listing platform using HTML, CSS, JavaScript, PHP and MySQL. Implemented user login, property listings, image uploads, search/filtering and property details.

Personal Portfolio Website
Designed and developed a responsive portfolio website with mobile navigation, smooth scrolling, animations and GitHub Pages deployment.

Data Science Project
Performed data analysis focused on understanding datasets and presenting useful insights using Python-based techniques.
